Running belay

!! Watch out for ice/rock fall in the lower part of the route (below nr 19).
High risk most of the season

First pitch after the routes splits: From the left of the "Budda hylla" up leftwards to dihedral. 55 m, 7- X. No protection the last 30-40 meters, crux at the finish.

Same start as the 1985-route

The lower part of the route is climbed ground up, on sight. The crux pitch is cleaned and tested on rappell. The final dihedrals are climbed without any cleaning or testing. The middle section and upper parts follow ledge systems and is climbed with running belay.
